

Costs, Place, and Timing

All of our meetings can be done locally (near Kimberton PA) in person, or else via phone, Skype, Zoom video, or CoachingSpaces. I work with people in many time zones and countries, so I'm flexible around appointment times.

- For an intake session (or any one-time single session) **the cost is regularly \$130.**
- I do not take insurance.

Multi-Session Packages--after an initial session, I offer groups of sessions that lower the single session cost. The most frequent of these is the:

- **Initial Family Constellation**--Includes the intake, a 2 hour constellation, half hour followup session, and 30 minutes preparation on my part--for 4 hours total.
 - At the regular rate, the fee would be \$520. As a package at the beginning of our work, **your cost is \$400.**
 - You can decide to commit to this either before or right after the initial session.
 - This is my most popular package. There are most often significant changes after a constellation. It saves you \$100.
- **Groups of Sessions**--Blocks of 6, 12, and 18 hours are available at reduced rates. Each larger block reduces the hourly rate by \$10 (6hrs@\$120/hr, 12hrs@\$110/hr, 18hrs@\$100/hr). Payment is by thirds in advance as hours are used up. For detailed information [email](#) me or call 610 469 7588
- **Sliding Scale**--I do some sliding scale work with people. This depends on: (1) genuine financial need; (2) whether I think I can help; (3) your level of motivation to change; and (4) whether I can afford it at the time. There may be a wait list even if it seems appropriate to make an arrangement. Call me about this
- **Ongoing Support**--I become engaged creatively with my clients and answer emails, respond to phone calls in emergencies, etc.
